ABOUT BAMS

The BAMS (Bachelor of Ayurvedic Medicine and Surgery) programme focuses on Ayurvedic medical practice and ancient healing methods practiced by Vaidyas (Ayurveda physicians). The duration of the course is 5.5 years, which includes a mandatory internship of 12 months. The academic curriculum spans 4.5 years, divided into three professional phases—First, Second, and Third Professional BAMS each of 1.5 years duration.

BAMS Eligibility Criteria

Candidates are required to have passed Class 12 or an equivalent examination with Science subjects (Physics, Chemistry, and Biology) with a minimum of 50% marks. They must have qualified the NEET examination and should have completed 17 years of age at the time of admission.

3rd Prize

3D VIRTUAL DISSECTION TABLE

We are proud to be the first Ayurvedic institute in Maharashtra to introduce a state-of-the-art 3D Virtual Dissection Table.

Cadaviz is a virtual human dissection table that allows users to dissect the cadaver virtually and help visualize every structure of the body's anatomy in great detail. The users can visualize the human anatomy as they would on a fresh cadaver.

It allows medical students to explore virtually full-sized human bodies in a way once only accessible through traditional cadaver dissection. You can use your finger like a scalpel to perform dissection in any direction and depth to reveal anatomical features in vivid detail.

Facilities	Features	Salient Features
Transportation From Different Routes	Well Equipped Hospital with all the Services	Vibrant & Proficient Teachers
Clean & Hygienic Canteen	Museums of all Departments	Internet facility
Well Maintained Hostel	3D Virtual Dissection Table	Availability of printer, scanner, and Xerox for students
